327 College St. Ste 203, Woodland CA 95695 USA

S-14700 - 1" Total Scale • S-14702 - same in Reflected Light version

0 thru .9 - divided into 0.100" divisions / .9 thru 1.0 divided into 0.010" divisions / last two 0.010" divisions divided into 0.001" divisions

S-14710 - 25mm Stage Micrometer / 1.0mm - .1mm - .02mm Div. • S-14712 - same in Reflected Light version

0 thru 20 divided into 1.0mm divisions / 20 thru 25 divided into 0.1mm divisions / 23 thru 25 further divided into 0.02mm divisions

S-14720 - 1" & 25mm Stage Micrometer / both above scales on same slide • S-14722 - same in Reflected Light version

SPECS: Glass: 1.0" x 3.0" x 0.110" / Lines: Chrome deposition / Lines on RF version: Clear on chrome background

Flatness: 2 waves or better / Tolerances: ± 0.005 mm unless otherwise noted / Surface Quality: 20/10 / Parallelism: 2 min.

Calibration traceable to NIST available at additional cost.
